Family Preservation and Stabilization Services

Mission Statement
Provide quality behavioral intervention services to assist in the stabilization of placement

How We Work
- Call (813) 310-1517
- Be prepared to give background information and reason for referral
- Will respond within 4, 24 or 72 hours depending on need.
- Example: A relative reports difficulty with a 7-year old who will not mind the rules of the house.
- Example: A 15-year old is abandoned by bio-parent following reunification, and is now placed with a non-relative and is displaying defiance and attitude.
- Example: A grandmother is caring for a 13 year old grandson who is angry and misbehaving because he has been removed from parents.
- Example: A 5 year old has been expelled from his third daycare and his aunt is missing work because of his behavior.

The Program Goal:
Provide efficient and effective short term intervention services in order to preserve the placement and decrease the number of placement moves a child may experience.
