9:00 am – 10:30 am Central

Please [pre-register](#) for this meeting

Jill Hill is the Director of Family Engagement at The Partnership for Child Health. Jill will be presenting on Autism Spectrum Disorder as it pertains to Child Welfare Professionals (CWP). This training is designed to teach CWP how to approach individuals who may be diagnosed with Autism Spectrum Disorder as well as discuss ways to ensure effective communication while interviewing and how to recognize patterns and behaviors exhibited by those with this diagnosis. Jill has experience in working with "Wrap Around Services" and although her training is usually geared towards first responders, she is excited to share how this information can positively impact Child Welfare.
