Removal Rate per Child Investigation Report

Functionality Overview

This is a new report that provides insight into removal activity as it relates to Child Investigation activity.

The Region, Circuit, County, and Unit levels are accessed using a drill down approach as illustrated in Figure 1.

This report runs once a month for the previous month. These scheduled runs are stored historically.

Selection Processing

This report selects data based on the following criteria.

Universe	Business Rules
Child Investigations	Select all Child Investigations that were opened or with a new alleged victim added to an existing investigation in the month preceding the report run date.
Placement	Select all Out of Home Placements with a removal for a child who is an alleged victim in a Child Investigation selected above, that lasts more than 24 hours, and that happened in the month preceding the report run date.

Report Layout

Note that values are intended as representative of the format and that the actual report will count and calculate as specified in section Reporting Information - Business Rules.
